2018 Black History Film Festival Student Essay and Film Competition Winners

Greetings Neighbors and Friends,

The last weekend of February, my office hosted another successful [Black History Film Festival](#). During our Opening Reception we screened *I Am Not Your Negro* to a large crowd with standing room only. The winners of the Black Film Festival Student Essay and Film Competitions were announced and awarded \$1,000 in 1st, 2nd, and 3rd place prizes. Thanks to City of South Fulton Councilmen Mark Baker and khalid kamau and radio personality, Shelley Wynter, for participating in the awards ceremony. Special thanks to our sponsors Friends of Wolf Creek and the Coca-Cola Bottling Company of Atlanta.

On March 8th, I qualified to run again for Commissioner of Fulton County's District 5. [The 2018 candidates' qualification period](#) ended the next day. As we approach the May 4th primary election and November 6th general election, I will run unopposed. Honored and humbled by another opportunity to serve the constituents of District 5, I look forward to finishing this last year of my first term and planning the first year of my next term. When I ran for this office in 2014, District 5 was new and unchartered. Over the past three years, my office was able to create a blueprint of what it means to serve the community. With daily social media shares, monthly eBlasts, quarterly newsletters and town halls, and annual signature community events and initiatives, my goal is to bring "good" government to the people. In this edition, I will highlight some of my proudest moments of the past three years in a picture collage.
